

Research Infrastructure Engineer Mentoring Programme

**HPC or research computing sysadmin?
Thinking about your next step?
Ready to support someone else?**

**HPC-SIG & ACIT Hub are building on a successful
mentoring scheme to bring an enhanced
2026/2027 programme for mentors & mentees
across UK digital research infrastructure**

Join the next cohort Sept '26 - May '27

“My mentor was well matched to help me achieve my goals.”

Previous HPC-SIG mentee.

Why take part?

Learn from others across HPC & research computing

Build connections beyond your institution

Grow your career, or support someone else

For both mentors and mentees

Mentees looking for guidance & career development

Mentors supporting others & gaining leadership skills

What to expect

Flexible 1:1 mentoring (online & in-person)

Structured support throughout the programme

Funding available for travel to meet-up
